IMPLEMENTATION

Make the system feel made for the niche.

Start with the next style touchpoint: inquiry reply, style questionnaire, wardrobe audit follow-up, package pitch, seasonal content, or referral request.

01

Start with the buyer moment

Use the asset that matches the next decision your client, customer, or lead needs to make.

02

Make it sound specific

Swap bracketed language, services, location, timeline, pricing context, and proof so the system feels built for the business.

03

Create one weekly rhythm

Batch content, follow-ups, prompts, and client messages together so execution feels simple instead of scattered.
