STUDIO ASSET

Template 1: Film Still + Caption Post

Search 'cinematic film Instagram post' or 'video screenshot Instagram'. Pull a single frame from your best film — dramatic, emotional, or visually striking. Add a minimal text overlay in your heading font (the title of the wedding/project, location, year). Your logo bottom corner. Simple, cinematic, on-brand. These posts perform consistently well and require almost no design time.

02

STUDIO ASSET

Template 2: Client Testimonial Graphic

Search 'testimonial quote dark' or 'client review post'. Feature the most emotional line from a review. Client first name and project type below. Your studio name in the corner. Build trust before any conversation starts. Create 5-10 of these from your best reviews and schedule them throughout the year.

03

STUDIO ASSET

Template 3: Instagram Story — Inquiry Cta

Search 'Instagram story video booking' or 'cinematographer story template'. Vertical. A beautiful video still as background. Dark overlay. Text: 'Now booking [season] weddings' or 'Taking on new corporate clients'. Your studio name. Link sticker. Post to stories weekly during peak inquiry season.

04

STUDIO ASSET

Template 4: Youtube Thumbnail

Search 'YouTube thumbnail cinematic' or 'video thumbnail template'. 1280×720px. A strong emotional still from your film, the title in large readable text, your logo small in a corner. YouTube thumbnails are your most important piece of graphic design — they determine whether people click your films.

05

STUDIO ASSET

Template 5: LinkedIn Professional Banner

Search 'LinkedIn banner videographer' or 'video production LinkedIn cover'. 1584×396px. Your best commercial film still, your studio name, your specialty, your city. This is seen by every business contact and potential corporate client who visits your profile.

Template 6: Package Comparison Graphic

Search 'pricing table comparison' or 'service package table'. Three columns, your three packages. Each column: package name, key inclusions as bullet points, price. Your studio name at top. Use this in proposals, on your website, and in Instagram carousels. Removes price uncertainty before a consultation.

02

STUDIO ASSET

Template 7: Behind-The-Scenes Carousel

Search 'behind the scenes carousel' or 'photography process slideshow'. 5-7 slides showing your process: arrival and setup, filming key moments, post-production workflow, delivery. Captions on each slide. Demystifies your work and builds trust with clients who've never hired a videographer before.
