STUDIO SYSTEM

HOW TO USE IT

WRITE LIKE A STRATEGIST, NOT A TEMPLATE.

Use AI to get to a stronger first draft. Then add your eye, your taste, your portfolio examples, and the details that make the client feel seen.

01

Pick the market

Decide whether the asset is for weddings, corporate work, commercial brands, or hybrid studios before customizing the copy.

02

Customize the proof

Add your style, portfolio examples, production process, delivery timeline, package names, and client outcomes.

03

Ship the system

Install the inquiry reply, follow-up sequence, questionnaire, content calendar, and vendor touchpoints before redesigning anything.

INQUIRY CONVERSION

SAME-DAY RESPONSES THAT FEEL SPECIFIC.

Wedding and commercial buyers often compare multiple studios. Speed matters, but specificity wins.

01

Wedding inquiry response

PROMPT

Write a warm inquiry response for [Names], who asked about wedding videography for [date] at [venue]. Mention [specific details]. My style is [style]. Invite them to a call, briefly explain the next step, and keep it under 200 words.

02

Corporate inquiry response

PROMPT

Write a confident response for [Name] at [Company] asking about [project type]. Show that I understand the business goal, ask 2 smart scope questions, and invite a discovery call. Under 200 words.

03

3-touch follow-up

PROMPT

Write Day 3, Day 8, and Day 14 follow-ups for a [wedding/corporate] inquiry. Each should add value, mention one relevant portfolio example, and end with a soft next step.

PRESENT VALUE BEFORE PRICE.

The client should understand the experience and deliverables before they compare numbers.

02

Objection response

PROMPT

Write a reply to a client saying the package is above budget. Reinforce the value, offer a clear lower-scope option if available, and keep the relationship warm.

03

Premium positioning

PROMPT

Rewrite my package description so it sounds more premium and specific. Include process, creative direction, delivery, and client experience. Avoid hype.

PRE-PRODUCTION

MAKE THE PROJECT FEEL DIRECTED.

Great production starts before the camera comes out.

01

Creative brief generator

PROMPT

Turn these client notes into a clear creative brief: [paste notes]. Include objective, audience, tone, deliverables, must-capture moments, logistics, and open questions.

PROMPT

Create a shot priority list for [wedding/corporate project] based on [details]. Separate must-have, nice-to-have, audio moments, and risk notes.

03

Timeline review

PROMPT

Review this production timeline and flag gaps, unrealistic transitions, missing setup time, audio needs, and moments that need client confirmation: [paste timeline].

VENDOR PARTNERSHIPS

BUILD THE REFERRAL ENGINE.

Photographers, planners, venues, agencies, and event producers can become repeat referral partners.

03

Agency partnership

PROMPT
